

JASPER COUNTY TOURISM COMMISSION

Community Activities Support Program Application Guidelines

ABOUT

The funding of this grant can be used towards events that stimulate visitation from local and out of town visitors and it must also support the growth of tourism through either the arts, sports, agricultural education, recreation, or local business. This grant can aid in funding an event, initiative, or program and also the marketing that goes towards that.

APPLICATION PROCESS

JCTC is in charge of reviewing the applications and voting upon which ones will be beneficial to increasing tourism within the community. A representative from the organization should be there to answer any questions that the commission may have. If approved for the funding, then the organization will receive the money for the event, initiative, or program the following month. After the completion of the event, initiative, or program, a representative will need to submit a report for the tourism commission to review.

GUIDELINES

- The organization applying must be a non-profit
- Your organization can only apply once a year per event, initiative, or program
- The budget must be submitted with a breakdown of the funding sources
- The total sum being requested must not exceed 50% of the total budget
- JCTC must be recognized as a contributor
- Applications must be submitted at least two months before the event, initiative, or program
- Applications must also be submitted two weeks before the commission meeting in order to be on that month's agenda
- The last three years of budgets must be submitted in the application (if applicable)
